The total number of Warrants shall be not more than 1,000,000. The Warrants are represented by Warrant Certificates. Warrant Certificates are issued to a certain person or to order.

In the event the Company is a Central Securities Depository Company, the board of directors of the Company shall be entitled to resolve that the Warrants be registered on a Central Securities Depository Account. In the event such resolution is adopted, no Warrant Certificates or other securities shall be issued. At the request of the Company, Warrant Holders shall be obliged to surrender immediately to the Company or Euroclear all Warrant Certificates representing Warrants and to provide the Company with the requisite details of the securities account on which the Warrant Holder's Warrants are to be registered.

In the event the board of directors of the Company adopts a resolution in accordance with the second paragraph above, subject to any applicable statutory or regulatory limitations, the board of directors shall thereafter be at liberty to resolve that the Warrants are no longer to be registered on a Central Securities Depository Account.

§ 3 Right to subscribe for new Shares

The Warrant Holder shall be entitled to subscribe for one new Share for each Warrant during the period commencing 15 December 2018 up to and including 15 January 2019, or up to and including such earlier or later date as may follow from section 8 below. The Subscription Price shall correspond to 140 per cent of the average volume-weighted stock price as quoted on the NASDAQ First North during the period commencing April 1, 2016 up to and including May 10, 2016, but no less than the share's quotient value. The Subscription Price, as well as the number of new Shares to which each Warrant entitles the Holder to Subscribe, may be recalculated in the cases set forth in section 8 below.

Upon demand by a Warrant Holder during the period stated above, the Company shall be obliged to issue the number of Shares to which an application for Subscription relates.

§ 4 Subscription of Shares

The following shall apply in the event the Company is a Central Securities Depository Company and the Warrants are registered on a Central Securities Depository Account. The Warrants may be exercised through a written application for Subscription to the Company or to the designated Central Securities Depository Company. Applications for Subscription are binding and irrevocable.

In the event the Company is not a Central Securities Depository Company or if the Warrants are not registered on a Central Securities Depository Account, the Warrants may be exercised through a written application for Subscription to the Company, stating the number of Warrants which are to be exercised. In conjunction with a Subscription, the Warrant Holder shall, where applicable, surrender corresponding Warrant Certificates to the Company.

§ 5 Payment

On application for Subscription, payment shall be made simultaneously for the number of Shares to which the application for Subscription refers. Payment shall be made in cash to a bank account designated by the Company.

§ 6 Entry in the share register, etc.

In the event the Company is a Central Securities Depository Company at the time of Subscription, Subscription shall be effected through the Company ensuring the interim registration of the new Shares on a Central Securities Depository Account. Following registration at the Swedish Companies Registration Office,

the registration on a Central Securities Depository Account shall become final. As stated in section 8 below, in certain cases the date of such final registration on a Central Securities Depository Account may be postponed.

In the event the Company is not a Central Securities Depository Company at the time of Subscription, Subscription shall be effected by the new Shares being entered as Shares in the Company's share register and subsequently being registered at the Swedish Companies Registration Office.

§ 7 Entitlement to dividends

In the event the Company is a Central Securities Depository Company, Shares which are newly issued following Subscription shall carry an entitlement to participate in dividends for the first time on the next record date for dividends which occurs after Subscription is effected.

In the event the Company is not a Central Securities Depository Company, Shares which are newly issued following Subscription shall entitle the holder to a dividend at the first general meeting following the date which occurs after Subscription is effected.

§ 8 Recalculation of Subscription Price, etc.

In the following situations, the following shall apply with respect to the rights which shall vest in Warrant Holders.

Recalculation according to the provisions in this section 8 shall under no circumstances cause the Subscription Price to be less than the quotient value of the Company's Shares.

A. Bonus issue

In the event the Company carries out a bonus issue, where Subscription is made in such time that it cannot be effected by no later than three weeks prior to the general meeting at which a bonus issue resolution is to be adopted, Subscription may be effected only after such a general meeting has adopted a resolution thereon. Shares which vest as a consequence of Subscription effected following the bonus issue resolution shall be the subject of interim registration on a Central Securities Depository Account, and accordingly shall not be entitled to participate in the bonus issue. Final registration on a Central Securities Depository Account shall take place only after the record date for the bonus issue.

In the case of Subscription which is effected following a bonus issue resolution, a recalculated Subscription Price shall be applied, as well as a recalculation of the number of Shares to which each Warrant provides an entitlement to Subscribe.

The recalculations shall be made by the Company based on the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price} \times \text{number of Shares prior to the bonus issue}}{\text{number of Shares after the bonus issue}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number of Shares to which each Warrant provides an entitlement to subscribe} \times \text{the number of Shares after the bonus issue}}{\text{number of Shares prior to the bonus issue}}$$

A recalculated Subscription Price and recalculated number of Shares in accordance with the provisions above shall be determined as soon as possible after the general meeting has adopted a bonus issue resolution but, where applicable, shall be applied only after the record date for the bonus issue.

B. Reverse share split or share split

In the case of a reverse share split or share split of the Company's existing Shares, the provisions in subsection A shall apply mutatis mutandis whereupon, where appropriate, the record date shall be deemed to be the day on which a reverse share split or share split takes place at Euroclear, upon request by the Company.

C. New issue of Shares

In the case of a new issue with pre-emption rights for the shareholders to subscribe for new Shares in exchange for cash payment or payment by way of set-off, the following shall apply with respect to the right to participate in the new issue by virtue of Shares which have vested as a consequence of Subscription through the exercise of Warrants:

- 1 Where a new issue resolution is adopted by the Company's board of directors subject to approval by the general meeting or pursuant to authorization granted by the general meeting, the resolution, and where applicable, the notification to the shareholders in accordance with Chapter 13 Section 12 of the Swedish Companies Act, shall state the date by which Subscription must be effected in order that Shares which vest as a consequence of Subscription shall carry an entitlement to participate in the new issue.
- 2 Where the general meeting adopts a new issue resolution, in the event an application for Subscription is made at such a time that the Subscription cannot be effected no later than three weeks prior to the general meeting which adopts the new issue resolution, Subscription shall only be effected after the Company has carried out recalculations. Shares which vest as a consequence of such Subscription shall be the subject of interim registration on a Central Securities Depository Account, and consequently shall not be entitled to participate in the new issue. Final registration on a Central Securities Depository Account shall take place only after the record date for the issue.

In the event of Subscription which is effected at such time that a right to participate in the new issue does not vest, a recalculated Subscription Price shall be applied, as well as a recalculation of the number of Shares to which each Warrant provides an entitlement to Subscribe.

The recalculations shall be made by the Company based on the following formulae:

$$\begin{aligned} \text{recalculated} & & = & & \text{previous Subscription Price x the Share's average listed price during the} \\ \text{Subscription Price} & & & & \text{subscription period established in the new issue resolution (the Share's} \\ & & & & \text{average price)} \\ & & & & \text{the Share's average price increased by the theoretical value of the Warrant} \\ & & & & \text{calculated on the basis thereof} \end{aligned}$$

the Share's average price

I avsaknad av notering av betalkurs ska i stället den som slutkurs noterade köpkursen ingå i beräkningen. Dag utan notering av vare sig betalkurs eller köpkurs ska inte ingå i beräkningen.

The Share's average price shall be deemed to correspond to the average of the calculated mean values, for each trading day during the Subscription Period, of the highest and lowest transaction prices listed during the day in accordance with the official quotations on the Marketplace. In the event no transaction price is quoted, the bid price which is quoted as the closing price shall instead be included in the calculation. Days on which neither a transaction price nor a bid price is quoted shall not be included in the calculation.

Det teoretiska värdet på teckningsrätten beräknas enligt följande formel:

The theoretical value of the subscription right shall be calculated in accordance with the following formula:

value of the subscription right = the maximum number of new Shares which may be issued pursuant to the new issue resolution x the Share's average price less the subscription price for the new Share

the number of Shares prior to adoption of the new issue resolution

In the event a negative value is thereupon obtained, the theoretical value of the subscription right shall be set at zero.

The recalculated Subscription Price and the recalculated number of Shares provided by each Warrant shall be determined by the Company two Banking Days after the expiry of the subscription period and shall be applied to Subscription for Shares effected thereafter.

In the event the Company's Shares are not listed or traded on a Marketplace, a recalculated Subscription Price and recalculated number of Shares shall be determined in accordance with this subsection C. In lieu of the provisions regarding the Share's average price, the value of the Share shall thereupon be determined by an independent valuer appointed by the Company.

In the event the Company is a Central Securities Depository Company the following shall apply. During the period pending determination of a recalculated Subscription Price and recalculated number of Shares to

which each Warrant provides an entitlement to subscribe, Subscription for Shares shall be effected only on a preliminary basis, whereupon the number of Shares to which each Warrant provides an entitlement to subscribe prior to the recalculation shall be registered on an interim basis on a Central Securities Depository Account. In addition, it is specifically noted that, following recalculations, each Warrant may carry an entitlement to additional Shares pursuant to section 3 above. Final registration on the Central Securities Depository Account shall take place after the recalculations have been determined.

D. Issue of convertible debentures or warrants

Vid emission av konvertibler eller teckningsoptioner med företrädesrätt för aktieägarna och mot kontant betalning eller mot betalning genom kvittning eller, såvitt gäller teckningsoptioner, utan betalning, har bestämmelserna i punkt C första stycket 1 och 2 om rätten att delta i nyemission på grund av Aktie som tillkommit genom Teckning motsvarande tillämpning.

In the event of an issue of convertible debentures or warrants with pre-emption rights for the shareholders and in exchange for cash payment or payment by way of set-off or, with respect to warrants, without payment, the provisions of subsection C, first paragraph, subparagraphs 1 and 2 regarding the right to participate in a new issue by virtue of Shares which vest through Subscription shall apply mutatis mutandis.

In the event of Subscription for Shares which is exercised at such a time that Subscription is effected after adoption of the issue resolution, a recalculated Subscription Price and recalculated number of Shares provided by each Warrant shall be applied.

The recalculation shall be made by the Company in accordance with the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price} \times \text{the Share's average listed price during the subscription period established in the resolution regarding the issue (the Share's average price)}}{\text{the Share's average price increased by the value of the subscription right}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number of Shares to which each Warrant provides an entitlement to subscribe} \times \text{the Share's average price increased by the value of the subscription right}}{\text{the Share's average price}}$$

The Share's average price shall be calculated in accordance with subsection C above.

The value of the subscription right shall be deemed to correspond to the calculated value with adjustments for the new share issue and the market value calculated in accordance with subsection C above.

The recalculated Subscription Price and the recalculated number of Shares provided by each Warrant shall be determined by the Company two Banking Days after the expiry of the subscription period and shall be applied to Subscription for Shares effected thereafter.

In the event the Company's Shares are not listed or traded on a Marketplace, a recalculated Subscription Price and recalculated number of Shares shall be determined in accordance with this subsection D. In lieu of the provisions regarding the Share's average price, the value of the Share shall thereupon be determined by an independent valuer appointed by the Company.

In the event of Subscription for Shares which is effected before the recalculated Subscription Price and the recalculated number of Shares provided by each Warrant have been determined, the provisions of subsection C last paragraph above shall be applied.

E. Offer to the shareholders in circumstances other than those set forth in subsections A-D

In the event the Company, in circumstances other than those set forth in subsections A-D above, extends an offer to the shareholders, subject to shareholders' pre-emption rights pursuant to the principles set forth in the Swedish Companies Act, to acquire securities or rights of any kind from the Company, in the event of Subscription which is demanded at such time that the Shares thereby received do not carry an entitlement to participate in the offer, a recalculated Subscription Price and recalculated number of Shares to which each Warrant provides an entitlement to subscribe shall be applied. The aforesaid shall also apply where the Company resolves, in accordance with the aforementioned principles, to distribute securities or rights to the shareholders without consideration.

The recalculations shall be carried out by the Company in accordance with the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price} \times \text{the Share's average listed price during the application period established in the offer (the Share's average price)}}{\text{the Share's average price increased by the value of the right to participate in the offer (the purchase right value)}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number of Shares to which each Warrant provides an entitlement to subscribe} \times \text{the Share's average price increased by the purchase right value}}{\text{the Share's average price}}$$

The Share's average price shall be calculated in accordance with subsection C above.

Where shareholders have received purchase rights and trading in these has taken place, the value of the right to participate in the offer shall be deemed to be equivalent to the value of the purchase rights. For this purpose, the value of the purchase right shall be deemed to be equivalent to the average calculated mean value, for each trading day during the application period, of the highest and lowest quoted paid price during the day according to list on which the purchase rights are quoted. In the absence of a quoted paid price, the quoted bid price shall form the basis for the calculation. Days on which neither a paid price nor a bid price is quoted shall be excluded from the calculation.

If the shareholders do not receive purchase rights or where such trading in purchase rights as referred to in the preceding paragraph otherwise does not take place, the recalculation of the Exercise Price shall be made as far as possible by applying the principles set out above in this sub-section E and the following shall apply. Where listing of the securities or rights offered to the shareholders takes place, the value of the right to participate in the offer shall be deemed to be equivalent to the average calculated mean value, for each

trading day during the period of 25 trading days calculated from the first day of listing, of the highest and lowest transaction prices quoted for trades in such securities or rights reduced, where appropriate, by the consideration paid for these in conjunction with the offer. In the absence of a quoted paid price, the quoted bid price shall form the basis for the calculation. Days on which neither a paid price nor a bid price is quoted shall be excluded from the calculation of the value of the right to participate in the offer. In the recalculation of the Exercise Price and the number of shares for which each Warrant entitles the holder to subscribe, the period of 25 trading days referred to above shall be deemed to be the application period determined for the offer pursuant to the first paragraph of this Section E.

In the event the shareholders have not received purchase rights, or trading in purchase rights has otherwise not taken place, the recalculation of the Subscription Price shall take place applying, as far as possible, the principles stated above. The purchase right value shall, as far as possible, be determined on basis of the changed market value of the Company's Shares which can be deemed have occurred due to the offer.

The recalculated Subscription Price shall be determined by the Company as soon as possible after expiry of the offer period and applied in conjunction with Subscriptions effected after the recalculated price has been determined.

In the event the Company's Shares are not listed or traded on a Marketplace, a recalculated Subscription Price and recalculated number of Shares shall be determined. In lieu of the provisions regarding the Share's average price, the value of the Share shall thereupon be determined by an independent valuer appointed by the Company.

In the event of Subscription for Shares which is effected before the recalculated Subscription Price and the recalculated number of Shares provided by each Warrant have been determined, the provisions of subsection C last paragraph above shall be applied.

F. Equal treatment of Warrant Holders and shareholders

In the event of a new issue or issue of convertible debentures or warrants with pre-emption rights for the shareholders, in exchange for cash payment or payment by way of set-off or, with respect to warrants, without payment, the Company may decide to grant all Warrant Holders the same pre-emption rights as vest in the shareholders pursuant to the resolution. Notwithstanding that Subscription for Shares pursuant to Warrants has not been effected, each Warrant Holder shall thereupon be deemed to be the owner of the number of Shares which the Warrant Holder would have received had Subscription for Shares been effected at the Subscription Price and the number of Shares to which each Warrant provided an entitlement to subscribe, as applicable on the date on which the resolution regarding the offer was adopted.

In the event the Company resolves to extend to the shareholders such an offer as referred to in subsection E above, the provisions of the preceding paragraph shall apply *mutatis mutandis*. The number of Shares which Warrant Holders shall be deemed to own shall thereupon be determined based on the Subscription Price and the number of Shares to which each Warrant provided an entitlement to subscribe, as applicable on the date on which the resolution regarding the offer was adopted.

In the event the Company decides to grant the Warrant Holders pre-emption rights in accordance with the provisions of this subsection F, no recalculation of the Subscription Price shall take place pursuant to subsections C, D or E.

G. Cash dividend to the shareholders

In the event of a cash dividend to the shareholders, entailing that the shareholders receive dividends which, together with other dividends paid out during same financial year, exceed 15 per cent of the existing Share's average price during a period of 25 trading days immediately prior to the day on which the board of directors

of the Company publishes its intention to submit a proposal to the general meeting regarding such dividend, in the event Subscription is demanded at such time that the Shares thereby received do not carry an entitlement to receive such dividend, a recalculated Subscription Price and a recalculated number of Shares to which each Warrant provides an entitlement to subscribe shall be applied. The recalculation shall be based on the part of the total dividend which exceeds 15 per cent of the share's average price during the aforementioned period (extraordinary dividend).

The recalculation shall be carried out by the Company in accordance with the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price} \times \text{the Share's average listed price during a period of 25 trading days calculated commencing the day on which the Share was listed without the right to participate in the extraordinary repayment (the Share's average price)}}{\text{the Share's average price increased by the extraordinary dividend paid out per Share}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number of Shares to which each Warrant provides an entitlement to Subscribe} \times (\text{the Share's average price increased by extraordinary amount repaid per Share})}{\text{the Share's average price}}$$

The Share's average price shall be calculated in accordance with subsection C above.

The recalculated Subscription Price and the recalculated number of Shares provided by each Warrant shall be determined by the Company two Banking Days after the expiry of the above-stated period of 25 trading days and shall be applied to Subscription effected thereafter.

In the event of the Company's Shares are not listed or traded on a Marketplace, and a resolution is adopted regarding a cash dividend to the shareholders entailing that the shareholders receive a dividend which, together with other dividends paid out during the same financial year, exceeds 30% of the Company's value, in conjunction with applications for Subscription which take place at such time that the Shares thereby received do not carry an entitlement to receive such dividend, a recalculated Subscription Price and a recalculated number of Shares shall be applied in accordance with this subsection G. The Company's value shall thereupon replace the Share's average price in the formula. The Company's value shall be determined by an independent valuer appointed by the Company. The recalculation shall thus be based on the aggregate dividend referred to above (extraordinary dividend).

In conjunction with Subscription which is effected during the period pending determination of a recalculated Subscription Price and recalculated number of Shares to which each Warrant provides an entitlement to Subscribe, the provisions of subsection C, final paragraph above shall apply mutatis mutandis.

H. Reduction in the share capital with repayment to the shareholders

In the event of a reduction in the share capital with repayment to the shareholders, a recalculated Subscription Price and a recalculated number of Shares provided by each Warrant shall be applied.

The recalculation shall be carried out by the Company in accordance with the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price} \times \text{the Share's average listed price during a period of 25 trading days calculated commencing the day on which the Shares were listed without the right to participate in the repayment (the Share's average price)}}{\text{the Share's average price increase by the amount repaid per Share}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number of Shares to which each Warrant provides an entitlement to Subscribe} \times \text{the Share's average price increase by the amount repaid per Share}}{\text{the Share's average price}}$$

The Share's average price shall be calculated in accordance with subsection C above.

In making a recalculation pursuant to the above where the reduction takes place through redemption of Shares, instead of using the actual amount which is repaid per Share a calculated repayment amount shall be used as follows:

$$\text{calculated repayment amount per Share} = \frac{\text{the actual amount repaid per redeemed Share less the Share's market value during a period of 25 trading days immediately preceding the day on which the Shares do not carry an entitlement to participate in the reduction (the Share's average price)}}{\text{the number of Shares in the Company which form the basis of redemption of a Share less 1}}$$

The Share's average price shall be calculated in accordance with subsection C above.

The recalculated Subscription Price and the recalculated number of Shares provided by each Warrant shall be determined by the Company two Banking Days after the expiry of the stated period of 25 trading days and shall be applied to Subscriptions effected thereafter.

In conjunction with Subscriptions which are effected during the period pending determination of a recalculated Subscription Price and recalculated number of Shares to which each Warrant provides an entitlement to Subscribe, the provisions of subsection C, final paragraph above, shall apply mutatis mutandis.

In the event the Company's Shares are not listed or traded on a Marketplace, a recalculated Subscription Price and recalculated number of Shares shall be determined. In lieu of the provisions regarding the Share's average price, the value of the Shares shall thereupon be determined by an independent valuer appointed by the Company.

In the event of the Company's share capital is to be reduced through redemption of Shares with repayment to the shareholders and such reduction is not mandatory, or where the Company is to carry out a buyback of its Shares - without a reduction in the share capital being involved - but where, in the Company's opinion, in light of the technical structure and economic effects thereof the measure is comparable to a mandatory reduction, a recalculation of the Subscription Price and number of Shares to which each Warrant provides an entitlement to Subscribe shall be carried out applying, as far as possible, the principles stated above.

I. Appropriate recalculation

In the event of the Company carries out any measure as referred to in subsections A-E, G, H or M and where, in the Company's board's opinion, in light of the technical structure of the measure or for any other reason, application of the prescribed recalculation formulae cannot take place or results in the financial compensation received by the Warrant Holders being unreasonable compared with the shareholders, the board of directors shall carry out the recalculation of the Subscription Price and the number of Shares provided by each Warrant in such manner as the board deems appropriate in order to obtain a reasonable result.

J. Rounding off

In the determination of a recalculated Subscription Price, the Subscription Price shall be rounded off to two decimals.

K. Liquidation

In the event of liquidation pursuant to Chapter 25 of the Swedish Companies Act, no further Subscription may be effected. The aforesaid shall apply irrespective of the reasons for the liquidation and irrespective of whether or not the order that the Company be placed into liquidation has become final.

Not later than one month prior to the adoption of a resolution by a general meeting in respect of whether or not the Company should be put into liquidation in accordance with Chapter 25 of the Companies Act, the Warrant Holders shall be notified with respect to the planned liquidation in accordance with section 9 below. The notice shall state that subscription may not take place following the adoption of the resolution in respect of liquidation.

In the event the Company gives notice that it is considering entering into voluntary liquidation, notwithstanding the provisions of section 3 regarding the earliest date for demanding Subscription, the Warrant Holders shall be entitled to apply for Subscription for Shares through exercise of Warrants commencing the day on which notice is given. However, the aforesaid shall apply only where Subscription can be effected not later than the tenth calendar day prior to the general meeting at which the issue of the Company's liquidation is to be addressed.

L. Merger

In the event the general meeting approves a merger plan pursuant to Chapter 23, section 15 of the Swedish Companies Act whereby the Company is to be merged in another company, Subscription may thereafter not be demanded.

Not later than one month prior the general meeting which is to consider the issue of approving the above merger, the Warrant Holders shall be given notice thereof in accordance with section 9 below. The notice shall contain information about the merger plan and information that Subscription may not be effected after the general meeting has adopted a resolution regarding the merger in accordance with the paragraph above.

In the event the Company gives notice of a proposed merger in accordance with the above, Warrant Holders shall be entitled to apply for Subscription commencing the date on which notice of the proposed merger was given, provided that Subscription can be effected not later than three weeks prior to the date of the general meeting at which the merger plan whereby the Company is to be merged in another company is to be approved.

The following shall apply if the Company's board of directors prepares a merger plan pursuant to Chapter 23, section 28 of the Swedish Companies Act, whereby the Company is to be merged in another company, or if the Company's Shares are subject to a buy-out procedure pursuant to Chapter 22 of the same Act.

In the event a Swedish parent company owns all of the Shares in the Company, and the Company's board of directors announces its intention to prepare a merger plan pursuant to the statutory provision referred to in the preceding paragraph, in the event the final date for demanding Subscription pursuant to section 3 above falls on a day after such announcement, the Company shall establish a new final date for demanding Subscription (the Expiry Date). The Expiry Date shall be a day within 60 days of the announcement.

M. Demerger

In the event the general meeting approves a demerger plan pursuant to Chapter 24, section 17 of the Swedish Companies Act whereby the Company shall be demerged through part of the Company's assets and liabilities being taken over by one or more limited companies in exchange for consideration to the Company's shareholders, a recalculated Subscription Price and a recalculated number of Shares to which each Warrant provides an entitlement to subscribe shall be applied in accordance with the principles regarding extraordinary dividends as set forth in subsection G above. The recalculation shall be based on the part of the Company's assets and liabilities assumed by the takeover company.

In the event all of the Company's assets and liabilities are taken over by one or more limited companies in exchange for consideration to the Company's shareholders, the provisions regarding liquidation as set forth in subsection K above shall apply mutatis mutandis, entailing inter alia that the right to request Subscription shall terminate simultaneously with registration pursuant to Chapter 24, section 27 of the Swedish Companies Act and that Warrant Holders must be given notice thereof not later than two months prior to the date on which the demerger plan is submitted to the general meeting.

N. Buy-out of minority shareholders

In the event a Swedish parent company, on its own or together with a subsidiary, owns more than 90 per cent of the Shares and more than 90 per cent of the voting rights in respect of all of the Shares in the Company, and where the parent company announces its intention to commence a buy-out procedure, the provisions of the final paragraph of subsection L regarding the Expiry Date shall apply mutatis mutandis.

If the announcement has been made in accordance with the provisions above in this subsection, Warrant Holders shall be entitled to demand Subscription until the Expiry Date. The Company must give notice to the Warrant Holders in accordance with section 9 below, not later than five weeks prior to the Expiry Date, informing them of this right and the fact that they may not demand Subscription after the Expiry Date.

If the majority shareholder, pursuant to Chapter 22, section 6 of the Swedish Companies Act, has submitted a request that a buy-out dispute be resolved by arbitrators, the Warrants may not be exercised for Subscription until the buy-out dispute has been settled by an award or decision that has become final. If the

period within which Subscription may take place expires prior thereto, or within three months thereafter, a Warrant Holder nevertheless has the right to exercise the Warrant within three months after the date on which the ruling became final.

O. Cease or lapse of liquidation, merger or demerger

Notwithstanding the provisions of subsections K, L, and M that Subscription may not be effected following a resolution regarding liquidation or approval of a merger plan or demerger plan, the right to Subscription shall be reinstated in the event the liquidation ceases or the issue of a merger or demerger lapses.

P. Bankruptcy or company reorganisation order

In the event of the Company's bankruptcy or where a decision is taken that the Company shall be the subject of a company reorganization order, Subscription may not take place through exercise of Warrants. Where the bankruptcy order or the Company reorganization order is set aside by a higher court, the entitlement to Subscribe shall be reinstated.

Q. Equivalent terms and conditions for companies that are not Central Securities Depository Companies

In cases where the provisions concerning recalculation refer to the record date and, at the time of the recalculation, the Company is not a Central Securities Depository Company, a comparable date used in equivalent terms and conditions for companies that are not Central Securities Depository Companies shall apply instead of the record date.

§ 9 Notices

Notices relating to the Warrants must be provided in writing to each Warrant Holder to an address which is known to the Company.

§ 10 Amendments to the terms and conditions

The Company's board of directors shall be entitled, on behalf of the Warrant Holders, to amend these terms and conditions to the extent that any legislation, court decision or public authority decision renders necessary such amendment or where, in the board's opinion, for practical reasons it is otherwise appropriate or necessary to amend the terms and conditions, and the rights of the Warrant Holders are thereupon not prejudiced in any respect.

§ 11 Confidentiality

None of the Company, the institution maintaining a Warrant Holder's account or Euroclear may disclose information about a Warrant Holder to any third party without authorization. The Company shall be entitled to obtain the following information from Euroclear regarding a Warrant Holder's account in the Company's central securities depository register:

- i. the Warrant Holder's name, personal identification number or other identification number, and postal address;
- ii. the number of Warrants.

§ 12 Limitation of liability
